Fringe Scarf

Time Commitment:

30 minutes

Skill Level:

Beginner

Materials:

1 Large or X Large T-shirt
Scissors
Chalk

Directions:

1. Prepare Shirt: Cut off bottom hem of shirt. Cut across from just under one underarm to just under the other underarm. You now have a rectangle of fabric that is two layers thick. Using chalk make two lines parallel to the cut edges across the middle of the rectangle but about 4 inches apart. See photo below.
2. Cut Fringe: Cut slits from the bottom of the shirt up to the first chalk line making sure to cut through both layers of shirt. Continue cutting slits about 1/2 inch apart across the whole bottom of the shirt. Repeat slits on top of shirt.

3. Stretch: Grab the bottom of each fringe and P-U-L-L so that it curls into itself. Now pick up the whole scarf and stretch it out from side to side along the area with no fringe.
4. Finishing: Fold the scarf over so that all the fringe is hanging down and then loop it around your neck once or twice.

Variations:

- ⇒ Tie knots or thread beads onto the fringe.
- ⇒ Experiment with larger or smaller shirts or with printed shirts.
- ⇒ Try cutting the fringe wider.
